

# Maybe 90 minutes away?

# Definitely 30 minutes away.

Milton Keynes. It's 'end to end' stuff. Our city centre's loaded with things to do, from indoor sky-diving to real snow skiing. (Careful though lads, it's possible to spend a day just shopping in our 300 stores.) Five minutes up the road you can go sailing or visit our theme parks, Gulliver's Land and Eco-Park. Another five minutes and you're at Woburn Safari Park. Stay over. The city's buzzing, be it with family-friendly restaurants or clubs and bars. And being so close to London, the city's a great place to meet for business too. We can't predict who'll lift the cup. We can predict you'll have a great time in Milton Keynes. ↘
